

## TECHNICAL SPECIFICATIONS

### SPECIFICATION

|                         |                                                                                   |
|-------------------------|-----------------------------------------------------------------------------------|
| Architecture            | <b>Video parts:</b><br>Including Lens<br>Image sensor<br>USB interface controller |
| Color                   | Black                                                                             |
| Interfaces              | USB 2.0 with 2m cable                                                             |
| Lens                    | 1/28" Fixed Focus<br>120 degree                                                   |
| Image Sensor            | Full HD CMOS Sensor                                                               |
| Pitching Motion Angle   | -30° ~ 30°                                                                        |
| Horizontal Motion Angle | -150° ~ 150°                                                                      |
| Video                   | 1920x1080p                                                                        |
| Image Transfer Rate     | MJPEG @ 30fps<br>YUV @ 5fps                                                       |
| F-Number                | F2.0                                                                              |
| Object Distance         | 30cm ~ 300cm                                                                      |
| Power                   | USB Cable 2m<br>Supply (5V/500mA)                                                 |
| Operating System        | Windows 7/10<br>Mac OS X 8.1 or 10.7                                              |

### Working Environment

|                            |                                                   |
|----------------------------|---------------------------------------------------|
| Operating Temperature      | 0°C to 50°C                                       |
| Dimension                  | 104mm (L) x 139mm (W) x 124mm (H)                 |
| Weight                     | 0.465g                                            |
| Product Execution Standard | YD/T 993-1998<br>GB/T 9254-2008<br>GB 4843.1-2011 |

**SPEAKER PHONE SPECIFICATION**

|                       |                                                                                                                           |
|-----------------------|---------------------------------------------------------------------------------------------------------------------------|
| <b>Keypad</b>         | Audio Mute<br>Volume up and Down                                                                                          |
| <b>Audio Features</b> | Digital Audio Processing<br>256ms echo Cancellation<br>Dynamic noise reduction<br>Full Duplex<br>360 degree pick-up range |
| <b>Reverberation</b>  | < 0.5 Seconds                                                                                                             |
| <b>Wireless</b>       | 2.4G Wireless                                                                                                             |
| <b>Power</b>          | Built-in lithium battery 7-10 Hours                                                                                       |
| <b>Dimensions</b>     | 155x148x37mm                                                                                                              |
